

NEVER NOT ONCE

A WORLD PREMIERE BY CAREY CRIM
DIRECTED BY GUY SANVILLE

Eleanor, a biology major at Princeton, brings her boyfriend Rob home to meet her two moms. While there, she lets them know that she has hired a private investigator to help her find her biological father. She says, as a scientist, she is curious about her genetics. But it's evident she might also just want to meet her dad. Nadine, her non-biological mom thinks it's a great idea. Allison, Eleanor's biological mom is insisting that Eleanor's father, a one night stand in college whose name Allison doesn't remember, never even knew she existed. Eleanor is sent on a journey to an unexpected and explosive answer to the question "Where do I come from?"
